MICROFILM

SUBJECT

[REDACTED] Request for Slides of Construction Projects

ACTION REQUIRED - REFERENCES

Headquarters would appreciate periodically being furnished selected 35 mm color slides of construction projects in the Far East area under cognizance of the Far East Engineer, both under construction and when completed. Such slides are valuable briefing aids when reviewing active construction programs, and permit better appreciation of types of projects being executed. Mechanical and electrical systems, e.g., power plants and air conditioning systems, are of particular interest.
